Title III funds will be allocated to local school districts and public school academies for two programs: English language instruction programs for LEP students and programs to provide supplemental services to immigrant students. defined as an increase in immigrant student population for each of the two preceding years and that the percentage increase for at least one of those years is greater than the average percentage increase for the state. In addition to these criteria the Department has established a minimum grant level at \$10,000. Title III funds are allocated to states based on statewide counts of LEP and immigrant students. Please return the enclosed form with the count of LEP and immigrant students **even if the student counts are not sufficient to qualify your school district or public school academy for Title III funding this year.**

The enclosed application should be completed based on the count of LEP students on the Fall 2003 Membership Count Day and received by the Field Services Unit no later than April 15, 2004. Eligible districts that submit Part I of this application will receive an allocation notice and be able to apply for funds in MEGS as part of the Consolidated Application for 2004-05.
